I love it there when you can't do a
move they say that's OK just try try and
try again and they are very supportive.
I did dance before I did this
but because of me Dislexic I found
it hard because of the wrighting
we had to do, after every lesson
it would be wright what you learnt.

And I even tried football, tennis
and Boxing but they just didnt
work then I tried Trampolining
and I loved it they help me
and know one is tried differen
because they can't read, wright or
even if they have down smron

THE ONE THING I LOVE
THE MOST IS SONYA
because she is so kind and
she love's us all.
